What you need

- 720 people across two sites: a 68,000 sq ft CBD headquarters and a 21,000 sq ft operations centre in the city fringe
-
- Leases expire on 31 March 2028 (operations centre) and 30 June 2028 (headquarters)
-
- Hybrid working with three anchor days has cut average desk use to about 55%
-
- Ageing building services and too few meeting and collaboration spaces

What it means for you

Grade A rents are rising steadily, and limited new Core CBD supply until 2028 will keep the best space tight. Starting your search about 18 months before you need to move gives you leverage: landlords with 2027–2028 vacancies are competing for commitments now.
